

WOLFPACK ENVIRONMENTAL

DRIVING CONTINUOUS
IMPROVEMENT
**FOR THE
ENVIRONMENT.**

Across the nation,
WolfPack Environmental
is proud to work with
customers and vendors
to preserve and protect
our natural surroundings
and promote a
sustainable future.

Emergency and Disaster Response

We'll be there when you need us. Fast, thorough service to help you and the environment recover after industrial accidents or natural disasters.

- Post-disaster cleanup
 - Debris removal
 - Waste disposal
 - Decontamination
- Site analysis
- Spill remediation
- Bioremediation
- Equipment rental and service/maintenance
 - Wheel-mounted gensets
 - Freshwater systems
 - Workforce accommodations
 - Mobile locker rooms

Facility Restoration

Cleaner, healthier worksite facilities are essential to productivity, safety and environmental compliance. Indoors or outdoors, we'll help keep your commercial areas in top ecological condition.

- Debris removal
- Decontamination
- Mold and mildew remediation
- Hydro excavation
 - Utility location, potholing and daylighting
 - Pipeline exposure and inspection

Oilfield and Industrial Services

WolfPack began in the oil field, and we've been growing our capabilities since 2005 to meet our customers' evolving needs in an ever-changing market.

- Site analysis, cleanup and waste disposal
 - Tank cleanouts – including tank farms, above-ground tanks and saltwater disposal
 - Spill remediation
 - Decontamination
 - Permitted pit cleaning, liner removal/disposal, and closure
 - Nonhazardous and hazardous waste disposal
- Surface wastewater reclamation (for nonpotable use)
 - Wellsite operations
 - Dust control
 - Irrigation/environmental restoration*
 - Groundwater replenishment*
- Hydro excavation
 - Utility location, potholing and daylighting
 - Pipeline exposure and inspection
- Rig, fleet and equipment washdowns

* Requires WolfPack mobile filtration plant

Let's promote a positive environment together.

We're on call to provide unparalleled environmental services – backed by WolfPack's unwavering commitment to exceptional ESG and QHSE practices. If you're ready to discuss how our environmental services can benefit your operations, we'd love to hear from you.
